**AGLOW SKIN & BODY OIL**

### WHAT IS AGLOW SKIN & BODY OIL...

AGLOW is a unique product which contains natural plant extracts for nourishing the skin to maintain its vibrant and youthful radiance. It is non-greasy and easily absorbed into the skin to act as a precursor for skin health, giving you excellent skin texture and tone.

A lot of skin care products like creams and lotions do more harm than good as they are loaded with chemicals and cannot provide lasting benefits. Anti-wrinkle and moisturizing creams for example are mostly water. It expands the tissues of your skin which allows temporary elasticity and smoothness. Once the water evaporates, the wrinkles and dry skin will return. What we need to understand is that any product you apply on your skin will be absorbed into your tissue and blood, hence with chemical-based products, you will be absorbing these chemicals. **AGLOW is non-toxic and made from natural plant extracts.** It contains beneficial Medium Chain Triglycerides (MCTs) – the lauric (C12), capric (C10) & caprylic (C8). Together with 100% pure plant essential oils of lavender, ylang-ylang and geranium, AGLOW will provide effective and beneficial tissue repair and skin health.

AGLOW is absorbed into your skin to repair connective tissue all day long while you go about your daily chores. It gives you both active & passive protection, softens the skin and sloughs off dead cells. It has stable ANH-VCO/MCT oil bases which protect the skin from free radical damages of UV radiation and retard the effects of environmental aging. It improves skin condition, protects it from damage and heals skin diseases.

AGLOW is safe for all skin types. It is made without any of the common ingredients known to irritate skin – artificial fragrance, artificial coloring, mineral oil, polyunsaturated/hydrogenated vegetable oils, alcohol, chemical and preservatives. It is also free from animal extracts. It is an indispensable solution to a healthy glowing complexion. It literally takes you less than a minute to apply. Your skin absorbs it instantly without any oily traces! That's it. You are ready to go out with or without additional make-up. Apply it 2 times daily or any time of the day if necessary.

Now is the best time to transform your skin from dull and dry to youthful and vibrant! Don't hesitate. Get started on your journey back to youthful looks. When you look good on the outside, you feel great on the inside! AGLOW gives everybody the right to be pretty and good looking!

### BENEFITS OF AGLOW...

AGLOW is a special skincare treatment for the face, skin and body. Its breakthrough formulation helps reduce the appearance of scars, stretch marks and blemished skin. Its unique pure and natural plant ingredients provide effective moisture replenishments to aging and dehydrated skin. When applied, it is absorbed instantly into your skin tissue. It is suitable for use by all ages. AGLOW Skin & Body Oil is a simple and effective treatment. Use it for the following benefits:-

- ✓ Daily skincare treatment, good moisturizer for face, hand and body.
- ✓ Heals damaged skin, reduces wrinkles and environmental aging.
- ✓ Helps replenish the skin's natural oil stripped away by extremes of weather, frequent hand wash, bathing and showering and the drying effects of central heating or air conditioning.
- ✓ Reduces appearance of stretch marks & scars by improving and nourishing skin tissues.
- ✓ Ideal as hand and body lotion.
- ✓ Promotes healthy scalp & aids in growth of healthy hair
- ✓ Effective natural body deodorant.
- ✓ Healthy natural functional food for healthy skin.
- ✓ Improves skin condition and heals common bacterial/viral/fungal skin diseases.
